people under management

Up to RUB 10 bn
annual IT budget managed

20,000 → 1 million
orders per day at CDEK

Experience

Shift · IT Partner
Aug 2022 – present

Built the team and launched the agency's international practice. Led IT transformation projects for logistics and e-commerce companies.

Delovye Linii · Implemented the IT strategy and launched an API platform. Cut integration time from 6 months to 2 weeks and development costs by 23%.

Xalq.global · Launched the startup in 2 months. In six months, my team and I launched operations in four countries and acquired over 30,000 customers.

PEK · Launched courier delivery and brought it to positive margins in six months. Increased sales by 10% and average order value by 25%.

Umico / PASHA Holding · Audited IT and secured approval for the platform architecture. Cut warehouse order processing time by 43% during implementation.

Coral Club · Audited IT and developed IT and AI strategies. Implemented a new IT operating model and led the turnaround.

Globaltruck · CIO/CDTO
Jan 2021 – Jul 2022

Led an IT team of 120+ and reported to the CEO. Launched a platform and, with the team, onboarded 6,000+ third-party trucks and doubled margins. Increased delivery speed by 80% through the Express service.

CDEK · CIO/CDTO
Jan 2017 – Dec 2020

Led an IT function of 500+ and reported to the CEO and owner. Migrated ERP to microservices. With the team, kept core services resilient at loads of up to 2.5 million operations per second. Increased the share of digital orders to 70%.

Holiday Group · Head of Software Development
Mar 2012 – Jan 2017

Integrated IT systems across seven retail chains and supported growth from 106 to 1,200 stores. Rolled out automated ordering, planograms, automated repricing and handheld terminals. Delivered other projects and cut software release lead time from 6 months to 1 day.

Livetech LLC and startups · CIO/CTO/CEO
Jun 2006 – Mar 2012

Launched the studio with partners in Novosibirsk. Developed sales in Moscow, Kazakhstan and Europe. Built a technology platform and an in-house CRM. The team delivered 500+ commercial projects, including websites and mobile apps.

Software Developer and Team Lead
Before 2005

Developed software and led engineering teams as a technical lead.

Education · NSTU, MSc in Informatics and Computer Engineering (average grade 4.94/5), 2008 · MBA-Region, 2012
